

What is ARC?

ARC is a global educational movement that advances equity, broad excellence, inclusion, wellbeing, democracy, sustainability & human rights in high quality, professionally run systems. As a collaboratory we promote improvement, innovation and inclusion in schools and larger societies.

ARC Key Ideas:

- Inclusion, equity, diversity & social justice
- Creativity in schools
- Leading change for the future
- Responsibility & public confidence
- Assessment and accountability systems
- Wellbeing & mental health

ARC member systems & and other global partners:

What is the ARC summit

Once a year, ARC members gather to:

- **Visit and learn** about the summit host's education system
- **Share, discuss and provide feedback** on current policies and practices in ARC systems
- **Review** progress and impact of ARC systems since the last summit
- **Challenge** each other to face and address complex and urgent issues facing schools, society and the world
- **Develop** strategies for leading change effectively
- **Engage** in peer-review and system-to-system coaching
